

The 26th World Congress on
Controversies in Obstetrics,
Gynecology & Infertility (COGI)

All About Women's Health

November 23-25, 2018

London, UK

www.cogi-congress.org

Welcome Message

The 26th World Congress on Controversies in Obstetrics, Gynecology and Infertility (COGI) and RBMOnline will be **celebrating 40 years of IVF** in London, UK, November 23-25, 2018.

World-renowned leaders in the field, both past and present, will review advances and breakthroughs via stories, history, debates, controversies and round table discussions. There will be critical reviews of where we came from and predictions for where we are heading. Highlights will include the "Robert G Edwards Nobel Prize Laureate" lecture, newly conceived "countercurrent" lectures by leading experts, as well as an inspiring fetomaternal medicine program and its relationship to IVF, sessions on early prenatal diagnosis, pregnancy support, age-related risks, nutrition, the epidemic of multiple pregnancies, gynecological infertility-related diseases, and more. As always, there will be ample time in every session for speaker-audience discussions.

Mark your calendar for this mix of superb science combined with all that the culturally vibrant city of London has to offer. We look forward to welcoming you to COGI 2018.

Sincerely,
COGI Congress Co-Chairpersons

Congress Chairpersons

Reasons to Attend COGI

- Opportunity to critically debate 40 years of IVF – where we have been and where we are headed – in the heart of London
- COGI is fully devoted to debating clinical and basic controversial issues in all fields of OB/GYN
- Ample time for speaker-audience discussions that is the hallmark of COGI congresses
